### **DETAILED ACTION**

1. Claims 1 to 30 are presented for examination. The preliminary amendment filed 5-22-2008 canceled claims 2 to 13, 15 to 26 and 28 to 30.

#### ***Information Disclosure Statement***

2. The references listed in the information disclosure statement submitted on 10-31-2003 have been considered by the examiner (see attached PTO-1449).

#### ***Allowable Subject Matter***

3. Claims 1, 14 and 27 are allowed.
4. The following is an examiner's statement of reasons for allowance: the instant invention is directed to a method, system and computer program product on a computer readable medium for presenting status information associated with hierarchical operation comprising the steps of "arranging the plurality of the status indicators in a Z-order layering in the view, wherein the view is one of a dialog box and a window, wherein the Z-order layering in the layering displays simultaneously on one screen the status of the plurality of nested operations of the particular hierarchical operation being performed on elements of the hierarchical structure." The prior art made of record teaches processing hierarchy information by displaying the information using z-order layering format. For instance, Purdy (USP 7265762 B2) one such example of the prior art teaches a method and an apparatus for presenting data using layered objects.

However, the prior art made of record, taken alone or in combination fails to teach or fairly suggest or render obvious the novel element of the instant invention of "arranging the plurality of the status indicators in a Z-order layering in the view, wherein the view is one of a dialog box and a window, wherein the Z-order layering in the layering displays simultaneously on one screen the status of the plurality of nested operations of the particular hierarchical operation being performed on elements of the hierarchical structure."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
